DENNIS J. SLAMON, M.D., PH.D

Director of Clinical/Translational Research
Director of the Revlon/UCLA Women’s Cancer Research Program at JCCC
Professor of medicine, chief of the Division of Hematology/Oncology and executive vice chair for research for UCLA’s Department of Medicine, California

"INDIVIDUALIZING TREATMENT OPTIONS IN ADVANCED ER-POSITIVE BREAST CANCER"

LEARNING OBJECTIVES

• Review clinical trial data and their impact on treatment selection (monotherapy versus combination therapy) and optimal sequencing of treatments in patients who have or have not previously received endocrine therapy
• Know more about patient selection criteria that influence treatment choices for patients with ER-positive advanced breast cancer
• Discuss future directions in research for ER-Positive Breast Cancer

WEDNESDAY, OCTOBER 18, 2017

JEWISH GENERAL HOSPITAL
