Mayo Clinic, AZ

“Current and Future Multiple Myeloma Management Strategies: Where are we Heading?”

LEARNING OBJECTIVES

• Assess latest MM data highlights and clinical trials recently presented at the American Society of Hematology (ASH, Dec. 2018)
• Discuss MAYO best clinical approaches for managing high risk cytogenetic patients in the TI NDMM and RRMM setting
• Explore future treatment approaches for TI NDMM and RRMM – what is likely to become available in imminent future?
