

13th Flanders Family Visiting Professor in Medical Simulation

Kappy Flanders, CM

Kappy Flanders is an emerita member of the Board of Governors of McGill University and has a particular interest in education and communication, as do her four children. In 2009 Mrs. Flanders was awarded an Honorary Doctorate by McGill University. She is the Founder of the McGill "Minis" series (Medicine, Law, Music, Science, Biz, EdPsych and Pharma) as well as the Founder and Past Chairman of the Council of Palliative Care, McGill. She was awarded the Meritorious Service Medal by the Governor General of Canada in recognition of her involvement in Palliative Care and in 2013 she received the Queen's Diamond Jubilee Medal. She was awarded the Order of Canada in 2015. She and her children have endowed the Flanders Family Academic Travel Fund to allow for the exchange of work and knowledge of simulation-based medical education.

Susan lives in New York and is married to Michael Dickenson. She is Director of Missions for United Jewish Appeal. Judith is an author who lives in London, England. Steven is a financial manager and lives in New Jersey with his children, Emma and Allie. Ellen is an artist and documentary filmmaker who received her PhD in Fine Arts at York University in 2015. She is married to Tamira Sawatsky.

13th Flanders Family Visiting Professor in Medical Simulation

Dr. Mary Beth Mancini

THURSDAY, SEPTEMBER 14, 2017

McGill

Dr. Mary Beth Mancini

Professor, Senior Associate Dean for Education Innovation and Chair for Undergraduate Nursing Programs at the University of Texas at Arlington College of Nursing and Health Innovation

Dr. Mary Beth Mancini received a BSN from Rhode Island College, a Masters in Nursing Administration from the University of Rhode Island and a PhD in Public and Urban Affairs from the University of Texas at Arlington. She was inducted as a fellow in the American Academy of Nursing, in the American Heart Association, and in the National League for Nursing's Academy of Nurse Educators. Prior to moving into an academic role in 2004, she held progressive management positions in the service sector, including 18 years as Senior Vice President for Nursing Administration and Chief Nursing Officer.

Dr. Mancini holds the Baylor Health Care System Professorship for Healthcare Research and has more than 90 publications to her credit. She is active in the area of simulation in healthcare, having served as Past President of the Society for Simulation in Healthcare and past member of the Royal College of Physicians and Surgeons of Canada's Simulation Task Force. She was also a past member of the Sigma Theta Tau International's Simulation and Emerging Technologies Content Advisory Group, and the World Health Organization's Initiative on Training and Simulation and Patient Safety. Currently, Dr. Mancini serves as Vice-Chair of the American Heart Association's Emergency Cardiac Care Education Science and Program Committee, and is a member in the National Academies of Science's Global Task Force on Innovations in Health Professions Education.

PROGRAM

THURSDAY, SEPTEMBER 14, 2017

13th Flanders Family Visiting Professor in Medical Simulation

"High-Performance Healthcare through Simulation"

Combined Surgical and Anesthesia Grand Rounds

7 h 30 to 8 h 30

Montreal General Hospital, Sir William Osler Amphitheatre

Videoconferencing sites:

Royal Victoria Hospital

Jewish General Hospital

Saint-Mary's Hospital

"Simulation-Based Assessment & Evaluation of Team Performance"

Symposium/Round-Table Panel Discussion

9 h 00 to 11 h 00

Steinberg Centre for Simulation and Interactive Learning
3575 Parc Avenue, Suite 5640
